Forward-looking statements involve inherent risks and uncertainties, and a number of factors could cause actual results to differ materially from those contained in any forward-looking statement. These factors include, but are not limited to, (i) changes in the gaming market and visitations in Macau, (ii) local and global economic conditions, (iii) capital and credit market volatility, (iv) our anticipated growth strategies, (v) risks associated with the implementation of the amended Macau gaming law by the Macau government, (vi) gaming authority and other governmental approvals and regulations, and (vii) our future business development, results of operations and financial condition. In some cases, forward-looking statements can be identified by words or phrases such as “may,” “will,” “expect,” “anticipate,” “target,” “aim,” “estimate,” “intend,” “plan,” “believe,” “potential,” “continue,” “is/are likely to” or other similar expressions.

EXCHANGE RATE INFORMATION

The majority of our current revenues are denominated in H.K. dollars, while our current expenses are denominated predominantly in Patacas and H.K. dollars and in connection with a portion of our indebtedness and certain expenses, in U.S. dollars. The non-financial pages of this quarterly report include all translations from H.K. dollars to U.S. dollars and from U.S. dollars to H.K. dollars at a rate of HK\$7.836499 to US\$1.00, unless otherwise noted.

The H.K. dollar is freely convertible into other currencies (including the U.S. dollar). Since May 2005, the Hong Kong Monetary Authority has maintained a trading band range of HK\$7.75 to HK\$7.85 per U.S. dollar. The Hong Kong government has stated its intention to maintain the U.S. dollar link at that rate range and, acting through the Hong Kong Monetary Authority, has a number of means by which it may act to maintain exchange rate stability. However, no assurance can be given that the Hong Kong government will maintain the link at HK\$7.75 to HK\$7.85 per U.S. dollar or at all.

The Pataca is pegged to the H.K. dollar at a rate of HK\$1.00 to MOP1.03. All translations from Patacas to U.S. dollars in the non-financial pages of this quarterly report were made at the exchange rate of MOP8.071611 to US\$1.00.

In this quarterly report, U.S. dollar equivalents of H.K. dollar amounts of indebtedness are based on the prevailing exchange rate on the relevant transaction date, except for the indebtedness balance translations as of the balance sheet date, which are based on the prevailing exchange rate on the applicable balance sheet date.

FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion should be read in connection with our unaudited condensed consolidated financial statements included elsewhere in this quarterly report. Our unaudited condensed consolidated financial statements have been prepared in accordance with U.S. GAAP. The accompanying unaudited condensed consolidated financial statements should be read in conjunction with our audited consolidated financial statements for the year ended December 31, 2025. The historical results are not necessarily indicative of the results of operations to be expected in the future. Certain statements in this “Financial Condition and Results of Operations” are forward-looking statements.

Results of Operations

Studio City is a world-class integrated resort located in Cotai, Macau and its principal operating activities are the provision of services to the Gaming Operator pursuant to a casino contract and the hospitality business in Macau. The gaming operations of Studio City Casino are focused primarily on the mass market and target all ranges of mass market patrons. In the first quarter of 2026, the Gaming Operator operated an average of approximately 253 gaming tables and 964 gaming machines at the Studio City Casino. Our cinematically-themed integrated resort is designed to attract a wide range of customers by providing highly differentiated non-gaming attractions, including the world’s first figure-8 Ferris wheel, a deluxe night club and karaoke, a 5,000-seat live performance arena and an outdoor and an indoor water park. Studio City features approximately 2,493 luxury hotel rooms, diverse food and beverage establishments, a nine-screen cineplex and approximately 44,300 square meters of complementary retail space.

Studio City is strategically located in Cotai, as one of the few dedicated Cotai hotel-casino resort stops on the Macau Light Rapid Transit Line, with an access bridge leading to Studio City.

Studio City Casino is operated by the Gaming Operator, one of the subsidiaries of Melco Resorts and a holder of a gaming concession in Macau, and we operate the non-gaming businesses of Studio City.

We generated all of our revenues for each of three months ended March 31, 2026 and March 31, 2025 from our operations in Macau, the sole market in which we operate.

Studio City Finance and its subsidiaries sit within a ring-fenced credit group separate from shareholders of SCI and our debt obligations are not guaranteed by the shareholders of SCI. In particular, Melco Resorts is not a guarantor under the SCC 2021 Credit Facilities, the SCC 2024 Revolving Facilities, the 2027 SCC Senior Secured Notes, the 2028 SCF Senior Notes, the 2029 SCF Senior Notes or the 2031 SCC Senior Secured Notes. As such, the shareholders of SCI are not contractually required to provide any additional financial support to Studio City Finance and our subsidiaries with respect to our debt obligations.

Three Months Ended March 31, 2026 Compared to Three Months Ended March 31, 2025

Total operating revenues for the first quarter of 2026 were US\$176.7 million, compared with US\$161.7 million in the first quarter of 2025. The increase was primarily attributable to better performance in mass market operations leading to an increase in revenue from casino contract and higher overall non-gaming revenues.

Net income attributable to Studio City Finance Limited for the first quarter of 2026 was US\$2.9 million, compared with net loss attributable to Studio City Finance Limited of US\$17.7 million in the first quarter of 2025, primarily due to the increase in revenue from casino contract and higher overall non-gaming revenues, partially offset by higher operating expenses as a result of increased business volumes.

Studio City Casino generated gross gaming revenues of US\$373.5 million and US\$336.2 million for the first quarters of 2026 and 2025, respectively.

Mass market table games drop was US\$901.3 million in the first quarter of 2026, compared with US\$923.9 million in the first quarter of 2025 and hold percentage was 36.9% in the first quarter of 2026, compared with 32.8% in the first quarter of 2025.

Revenue from casino contract was US\$87.0 million for the first quarter of 2026, compared with US\$75.9 million for the first quarter of 2025. Revenue from casino contract is net of gaming taxes and the costs incurred in connection with the on-going operation of the Studio City Casino which are deducted by the Gaming Operator.

Total non-gaming revenues at Studio City for the first quarter of 2026 were US\$89.8 million, compared with US\$85.8 million for the first quarter of 2025.

Total net non-operating expenses for the first quarter of 2026 were US\$22.0 million, which mainly included interest expense of US\$30.0 million, partially offset by net foreign exchange gains of US\$8.4 million, compared with US\$30.9 million for the first quarter of 2025, which mainly included interest expense of US\$32.5 million, partially offset by net foreign exchange gains of US\$2.0 million.

Depreciation and amortization costs of US\$51.8 million were recorded in the first quarter of 2026, of which US\$0.8 million was related to the amortization expense for the land use right, compared with US\$52.5 million recorded in the first quarter of 2025, of which US\$0.8 million was related to the amortization expense for the land use right.

Liquidity and Capital Resources

The non-financial pages of this quarterly report include all translations from H.K. dollars to U.S. dollars and from U.S. dollars to H.K. dollars at a rate of HK\$7.836499 to US\$1.00, unless otherwise noted.

The H.K. dollar is freely convertible into other currencies (including the U.S. dollar). Since May 2005, the Hong Kong Monetary Authority has maintained a trading band range of HK\$7.75 to HK\$7.85 per U.S. dollar. The Hong Kong government has stated its intention to maintain the U.S. dollar link at that rate range and, acting through the Hong Kong Monetary Authority, has a number of means by which it may act to maintain exchange rate stability. However, no assurance can be given that the Hong Kong government will maintain the link at HK\$7.75 to HK\$7.85 per U.S. dollar or at all.

The Pataca is pegged to the H.K. dollar at a rate of HK\$1.00 to MOP1.03. All translations from Patacas to U.S. dollars in the non-financial pages of this quarterly report were made at the exchange rate of MOP8.071611 to US\$1.00.

FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion should be read in connection with our unaudited condensed consolidated financial statements included elsewhere in this quarterly report. Our unaudited condensed consolidated financial statements have been prepared in accordance with U.S. GAAP. The accompanying unaudited condensed consolidated financial statements should be read in conjunction with our audited consolidated financial statements for the year ended December 31, 2025. The historical results are not necessarily indicative of the results of operations to be expected in the future. Certain statements in this “Financial Condition and Results of Operations” are forward-looking statements.

Results of Operations

Studio City is a world-class integrated resort located in Cotai, Macau and its principal operating activities are the provision of services to the Gaming Operator pursuant to a casino contract and the hospitality business in Macau. The gaming operations of Studio City Casino are focused primarily on the mass market and target all ranges of mass market patrons. In the first quarter of 2026, the Gaming Operator operated an average of approximately 253 gaming tables and 964 gaming machines at the Studio City Casino. Our cinematically-themed integrated resort is designed to attract a wide range of customers by providing highly differentiated non-gaming attractions, including the world’s first figure-8 Ferris wheel, a deluxe night club and karaoke, a 5,000-seat live performance arena and an outdoor and an indoor water park. Studio City features approximately 2,493 luxury hotel rooms, diverse food and beverage establishments, a nine-screen cineplex and approximately 44,300 square meters of complementary retail space.

Studio City is strategically located in Cotai, as one of the few dedicated Cotai hotel-casino resort stops on the Macau Light Rapid Transit Line, with an access bridge leading to Studio City.

Studio City Casino is operated by the Gaming Operator, one of the subsidiaries of Melco Resorts and a holder of a gaming concession in Macau, and we operate the non-gaming businesses of Studio City.

We generated all of our revenues for each of three months ended March 31, 2026 and March 31, 2025 from our operations in Macau, the sole market in which we operate.

Studio City Investments and its subsidiaries sit within a ring-fenced credit group separate from shareholders of SCI and our debt obligations are not guaranteed by the shareholders of SCI. In particular, Melco Resorts is not a guarantor under the SCC 2021 Credit Facilities, the SCC 2024 Revolving Facilities, the 2027 SCC Senior Secured Notes, the 2028 SCF Senior Notes, the 2029 SCF Senior Notes or the 2031 SCC Senior Secured Notes. As such, the shareholders of SCI are not contractually required to provide any additional financial support to Studio City Investments and our subsidiaries with respect to our debt obligations.

Three Months Ended March 31, 2026 Compared to Three Months Ended March 31, 2025

Total operating revenues for the first quarter of 2026 were US\$176.7 million, compared with US\$161.7 million in the first quarter of 2025. The increase was primarily attributable to better performance in mass market operations leading to an increase in revenue from casino contract and higher overall non-gaming revenues.

Net loss attributable to Studio City Investments Limited for the first quarter of 2026 was US\$6.6 million, compared with US\$21.0 million in the first quarter of 2025, primarily due to the increase in revenue from casino contract and higher overall non-gaming revenues, partially offset by higher operating expenses as a result of increased business volumes.

Studio City Casino generated gross gaming revenues of US\$373.5 million and US\$336.2 million for the first quarters of 2026 and 2025, respectively.

Mass market table games drop was US\$901.3 million in the first quarter of 2026, compared with US\$923.9 million in the first quarter of 2025 and hold percentage was 36.9% in the first quarter of 2026, compared with 32.8% in the first quarter of 2025.

Gaming machine handle for the first quarter of 2026 was US\$1.09 billion, compared with US\$0.87 billion in the first quarter of 2025 and win rate was 3.7% in the first quarter of 2026, compared with 3.8% in the first quarter of 2025.

Revenue from casino contract was US\$87.0 million for the first quarter of 2026, compared with US\$75.9 million for the first quarter of 2025. Revenue from casino contract is net of gaming taxes and the costs incurred in connection with the on-going operation of the Studio City Casino which are deducted by the Gaming Operator.

Total non-gaming revenues at Studio City for the first quarter of 2026 were US\$89.8 million, compared with US\$85.8 million for the first quarter of 2025.

Total net non-operating expenses for the first quarter of 2026 were US\$32.0 million, which mainly included interest expense of US\$31.0 million, compared with US\$34.9 million for the first quarter of 2025, which mainly included interest expense of US\$33.4 million.

Depreciation and amortization costs of US\$50.8 million were recorded in the first quarter of 2026, of which US\$0.8 million was related to the amortization expense for the land use right, compared with US\$51.3 million recorded in the first quarter of 2025, of which US\$0.8 million was related to the amortization expense for the land use right.

Liquidity and Capital Resources

We have relied on, and intend to continue rely on, our cash generated from our operations and our debt and equity financings to meet our financing or refinancing needs.

As of March 31, 2026, we held cash and cash equivalents of US\$53.6 million and restricted cash of US\$0.1 million. Restricted cash represented the cash collateral in relation to the SCC 2021 Credit Facilities. Further, we have HK\$1.63 billion (equivalent to US\$208.5 million) in borrowing capacity under the SCC 2024 Revolving Facilities, of which US\$130.5 million was available for future drawdown as of March 31, 2026, subject to certain conditions precedent.
